### From Your Interim Pastor :

Your church council, out of an abundance of caution, is continuing to keep the church building closed, at least until June 14. Regrettably, the number of infections in the Walterboro area has increased and we still have too little testing available. We are looking at the best advice for when and how to open the facilities, but in the meantime, remember that the building is closed but the church is open!

The analysis from the Centers for Disease Control and Prevention (CDC) details how one couple—a pastor at a local church and his wife—contracted the virus and unwittingly may have helped spread it to 26 others, which ballooned into a cluster of 61, of which four people died. The analysis mirrors past reports detailing—with painful precision—how just one case of COVID-19 can quickly spread within communities or cities.

I'm especially perplexed by the suggestion that singing in indoor spaces is especially a concern for spreading the virus. Water droplets project much further when singing or speaking loudly. Similarly brass or wind instruments can cause the virus to spread further. At least I think we can have organ and piano music----and maybe if we're creative, we can prerecord some music that people can hum along to.

We will get through this----and every day we seem to learn more. But in the short term, please wear a mask when in public, especially indoors, and wash those hands thoroughly and frequently. Along with patience, please keep in touch with your friends and fellow members. Acts of kindness are the tonic that will keep us healing and healthy.

Speaking of health, on Tuesday, May 26<sup>th</sup> I'm having my second knee replaced. I expect to be with you for Zoom worship

on May 31<sup>st</sup>, hopefully seeing you from church, but if not, from my home. Kevin Wicker will help those of you who need assistance in figuring out the Zoom program. I know some of you don't have electronic capability, but even if you just have a phone, you will be able to join in. We'll keep the worship short enough that you can take a few minutes just to say hello to others. We'd appreciate your feedback after we try this to determine what we'll do in the future.

Please continue to pray for one another and for our nation and world. Stay safe!

*Pastor Craig*

### Thank You :

On behalf of Nixville Baptist Church, I would like to thank you for the generous support of the tornado victims. On Monday morning, April 13, 2020 a tornado with 165 mile an hour winds came through Hampton County. There were over a hundred houses affected in this disaster. The tornado claimed five lives in our county. These families lost everything they own. Even the ones that did not lose their home have suffered great loss.

We have had tremendous support throughout the region. Nixville Baptist Church and Hampton Rec Center and the Bull Durham building in Estill have provided relief supplies to these families in need. We have fed over 600 people on a daily basis. Unfortunately, the tragedy of this tornado will go on for months upon months.

After the immediate needs are met for the families, we will continue with the restoration process. Many families had no insurance. These funds will help us to rebuild their homes and bring back some sense of normality to their lives. There has been a committee established (Tornado Relief Fund) to assess the needs of these families for the distribution of funds.

Again, thank you for your heart of giving in this time of need. The Lord bless you for your generosity. Most of all, keep praying for the restoration of these families lives through this tragedy.

Pastor Allan H. Kircher  
Nixville Baptist Church

## Financial Report For May 17, 2020

General Fund Weekly Offering Goal	\$ 1,580.00
General Fund Offering received last week	\$ 1,092.00
General Fund Offering received, year to date	\$ 34,617.00

Cristo Rey Appeal, month-to-date	\$ 210.00
Nixville Relief Effort, to date	\$ 1,174.00

## Financial Corner:

Would it be proper to “ditto” last month’s report because all of the information continues to be timely and accurate? Let’s see. When we ceased having worship at the church, naturally our offerings went down because we all thought this would be short lived and we’d be back in a few weeks and could catch up on our offerings then. However, the virus has been persistent and we have continued to worship apart. In this month, we began receiving offerings through the mail, dropped off at the church, and through the online giving program Tithely.

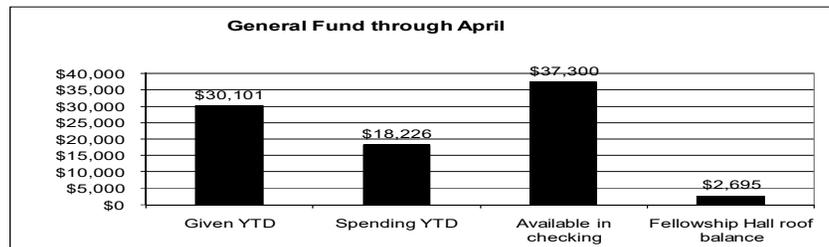

Although there are actually some cost savings from not having our worship and other activities at our facilities (electricity, copy paper, supply pastors when Pastor Craig is away, etc.), there are also cost increases (postage, Zoom on-line meeting program, etc.) and other costs that are pretty constant (property insurance, utilities, salaries, State and Federal tax withholdings, maintenance, etc.) So, your offerings are very much appreciated and continue to be vital as we carry on the ministry of Good Shepherd through these difficult times.

Until next month: peace, joy and good health.

Kevin

## Property Committee Activities – April/May 2020

**Parsonage roof update** – We have received the Claim documents and a check from Church Mutual to cover the cost of replacing the parsonage roof. The check is in the amount of \$11,643.20. Meanwhile, all temporary shingle work has been completed. (Thanks to Pastor Craig for donating a bundle of shingles to be used for this purpose and to Dean Brinson for donating the roofing tar.)

**Tree damage in the parsonage yard** – The large oak tree behind the parsonage was damaged during the storm of April 13. A tree company took down two large branches and later another limb fell from the tree. All of that debris has been disposed of. The property committee has received permission from the City to remove the tree due to the damage. The remainder of the tree will be removed from the property when the tree contractor is available. The total cost of the job will be \$1,700. A discussion of the tree with Church Mutual revealed that the tree is not covered in our policy. It would only have been covered if it fell through the house and had to be removed.

**Azalea trimming** – the azaleas are being cut back after blooming and as time allows. Thanks to Charles Rister and his crew of Carl Lindstrom and Dean Brinson for doing all of this work.

**Parsonage moisture barrier** – We lack about 300 square feet to complete and will complete this work as the corona virus subsides.

**Balance of the parsonage work** – The balance of the work in the parsonage is on hold pending the corona virus subsiding.
